Dear Colleagues,

We have the pleasure inviting you to attend the XVIII-th International Exhibition of Inventics, Research and Technological Transfer "INVENTICA 2014", and the XVIII-th International Conference of Inventics, under the high patronage of the National Authority of Scientific Research, Ministry of Education, Research and Innovation, organized by The National Inventics Institute of Iasi, "Gheorghe Asachi" Technical University of Jassy, "Alexandru Ioan Cuza" University, University of Arts "George Enescu" At the XVIII-th International Conference of Inventics, a high reputation scientific conference, integrated in an unique program with the Exhibition. As the last editions, many important personalities in the domain will be present: inventologists, university professors, performant inventors, members of inovative societies and associations from France, Belgium, Austria, Moldavia, Croatia, Serbia, Poland, Czech Republic, Bulgaria, Hungary, Russia, Ukraina. Industrial units, trade societies, companies, members of Romanian Inventors Society will take part in the Inventics Exhibition, a fact which will ensure, without any doubt, the highest level and professional success of this edition of INVENTICA 2014. All participants of the Salon "INVENTICA" have a real opportunity to promote in separate presentation their products and ideas in front of the national delegations from foreign states also. For most interesting and perspective in industrial application, exhibits, examined and evaluated by the International Jury, participants will get gold, silver medals of the Salon, diplomas and awards from Romanian and foreign organizations or Salons of inventions, partners of the Salon "INVENTICA".

Private inventors, investors and company managers! Any person who considered himself inventive and dynamic can have an excellent opportunity for co-operation and development during INVENTICA 2014.

The Jassy Exhibition constitutes a possible opportunity of developing for your inventions and also a background for promotion. This is the medium for pre-selecting the Romanian inventions for the subsequent similar European manifestations. "INVENTICA 2014" - The inventive genius can be a real gold business and a great profit for managers. Information, registration and application forms on the event site :www.inventica.org.ro/inventica2014.

On considering we are well understood in our undertaking, we have the pleasure and honor to looking forward to seeing you in Iasi this year.
