

*Listă articolelor trimise spre analiza la reviste de specialitate (cu menționarea finanțării activităților de către UAIC, prin granturile pentru tinerii cercetători):*

1. C.I. Gerber, I. Mihaila, D. Hein, A.V. Nastuta, R. Jijie, V. Pohoata, I. Topala, **Influence of electrical operational parameters on the characteristics of helium atmospheric pressure plasma jet**, *Plasma Sources Science and Technology*, under review (2016).

2. Ioana Cristina Gerber, Cosmin Teodor Mihai, Lucian Gorgan, Mitica Ciorpac, Alexandru Nita, Valentin Pohoata, Ilarion Mihaila, Ionut Topala, **Viability and cell biology for HeLa and VERO cells after exposure to low temperature air DBD plasma**, *Plasma Medicine*, under review (2016).

*Listă lucrărilor prezentate la conferințe de specialitate (cu menționarea finanțării activităților de către UAIC, prin granturile pentru tinerii cercetători):*

1. Ionut Topala, Cristina Gerber, Dennis Hein, Andrei V. Nastuta, Roxana Jijie, Valentin Pohoata, Ilarion Mihaila, Cosmin Teodor Mihai, Lucian Gorgan, **Atmospheric pressure plasma jets for life science**, 23rd Europhysics Conference on Atomic and Molecular Physics of Ionized Gases (ESCAPEXXIII), Bratislava, Slovakia, July 12-16, 2016, Book of abstracts, TL4, (2016) – **topical invited lecture**
