

Internship Repsol Be2021...Be the future!

We count on you to build the future of the energy!

We are a global multienergy provider that strives to drive the evolution towards a low-emissions energy model. We have over 25,000 employees and boast assets across 34 countries. Moreover, we are a major player in the Spanish electricity and gas market, and we operate low-emissions electricity generation assets in addition to developing a wide range of renewable solar and wind energy projects.

Join our team

We are looking for someone who grows with us, with capacity to learn in different areas and businesses of our Company. Our Internships are the best field of experimentation and development, thanks to the possibility to work with different professionals in the energy industry.

What do we offer?

- To learn in a professional environment in different areas and businesses.
- **6-month internship**, with the possibility to **extend it for another 6 months**.
- You can join the internship **full or part-time**.

What are we looking for?

- **Students** of Bachelor's degree or **Fresh graduates**.
- **High level of English**, Spanish is desired.
- Young talent who share our principles: **efficiency, creation of value, anticipation and respect**.
- If this sounds like something you'd interested in, **apply now!**
