**Role**

This is a fantastic opportunity for a budding pharmacy student to work within this fast-paced retail environment, with state-of-the-art drug dispensing equipment. Mentored throughout, you will gain an insight into the pharmacists' role in a dispensing chemist environment and develop customer service skills, essential for working in community practice. If you want to add real value to your CV and be a part of a growing chain of pharmacies across Northern Ireland, then apply today!

**Tasks**

- Label and dispense prescriptions and assist with impromptu formulations.
- Assist with stock management and ordering processes to ensure appropriate stocks of medicines are kept within the pharmacy, including helping with incoming deliveries.
- Handle out of all client prescriptions, which means that the role can involve lengthy periods of standing.
- Operate EPOS till systems, including updates, price changes
- Assess customer enquiries and obtain relevant and appropriate assistance.
- Commit to ongoing training to aid knowledge/progression.
- Provide help to clients on health issues and seek assistance from a pharmacist, when appropriate
- Stock control to ensure there is not out of date stock or medicinal items on shelves.
- Work in alignment with Standard Operating Procedures for processes within the pharmacy.

**Desired Skills**

- Studying towards a degree in Pharmacy.
- Experience in community pharmacy is an advantage.
- Courteous and friendly approach, experience in customer facing role advantageous.
- Experience in working as a part of a team and willingness to get involved with tasks.

**The Host Company**

This family run pharmacy group is at the heart of the local community and conducts over 20,000 face to face consultations per year on a range of medical conditions and helping people with their medicines. With 3 stores and plans to grow across Northern Ireland, they have an end-to-end online prescription ordering system, with fully embedded robotic dispensing machines.
