

EC2U – JMD LIFELINE Fees

a) The **EC2U fees for LIFELINE Joint Master Program, for EU and Non-EU students**, will be collected by each Institution where the student is attending at least 30 ECTS as indicated in the tables below (Table 1 for EU students, Table 2 for Non-EU students) and will be collected in each semester.

Table 1: EC2U fee / semester for EU students

Partner Institution where the semester is spent	EC2U fee for EU student collected by the Institution where the student attend at least 30 ECTS / semester (€)	EC2U fee collected locally / semester (€) *, **	EC2U fee (€) / semester (30 ECTS)

* The EC2U fee collected locally will need to be paid in full for each year even if the student will spend only one semester at the specific University. At the University of Pavia when the student comes for the first year, he/she must pay the local fee also for the second year even if they are not in Pavia. At the University of Turku the local fee will have to be paid for the semester attended in Turku, when graduating from Turku and when receiving an Erasmus grant from UTU.

**Students who study in Jena have to be enrolled in Jena from the beginning and throughout the whole four semesters of the MD program, even if they are not in Jena in the respective semester. Students have to pay local fees in Jena every semester. In the semesters in which they study at University of Jena they will have to pay the full amount of the local fees. In the other semesters they will have to pay a basic amount of local fees of 85 EUR (might slightly change every semester) This also implies that the students have to indicate from the very beginning that they want to spend one or several semester in Jena. If necessary, other fees may be added, and €20 for initial issuance of your *thoska* card. For an overview of the semester fees from previous semesters, please click [here](#)
